

Celebrate a Decade of Bald Eagle Restoration

What	<p>Join us for an annual event to learn about and celebrate the return of bald eagles to the Channel Islands. In 2002 efforts began to restore bald eagles to the northern Channel Islands—today there are over 30 resident bald eagles and at least ten nests on three islands.</p> <p>See a live bald eagle in all its majesty. Watch a film about bald eagle recovery efforts and</p>	<p>interact with wildlife biologists. Attend a special live broadcast from Anacapa Island to learn about seabirds. Hear Chumash stories from an island descendant. Fun activities for the whole family and arts and crafts for kids.</p> <p>To watch two of these nests live on the Bald Eagle Webcam at: www.nps.gov/chis/photosmultimedia/bald-eagle-webcam.htm</p>
When	<p>Saturday, May 19, 2012, 10:00 am to 4:00 pm</p> <p>Event Schedule:</p> <p>1:00 to 3:00 pm <i>Visit with a live bald eagle</i></p> <p>11:30 am & 2:00 pm <i>Native American storytelling</i></p>	<p>11:00 am & 1:30 pm <i>Live seabird programs from Anacapa Island</i></p> <p>3:00 pm <i>Tidepool Talk</i></p> <p>Throughout the day <i>Film screening—Return Flight: Restoring the Bald Eagle to the Channel Islands</i></p>
Where	<p>Channel Islands National Park Robert J. Lagomarsino Visitor Center at 1901</p>	<p>Spinnaker Drive in Ventura Harbor. (805) 658-5730</p>
Partners	<p>Partners in the bald eagle restoration include Channel Islands National Park, Montrose Settlements Restoration Program (MSRP), and The Institute for Wildlife Studies, with support by Ventura County Office of Education and The Nature Conservancy.</p> <p>The effort is funded by MSRP, a multi-agency federal/state program funded by</p>	<p>court settlements and dedicated to restoring natural resources harmed by DDTs and PCBs released into the marine environment in southern California.</p> <div>     </div>
